What are the key features of this product?

- This is a fixed rate mortgage product designed exclusively for new build customers, which means your monthly payments won't change during the term of the product. The initial rate of 2.77% is fixed until 31 August 2027.
- The Society will use 5% of the Builders incentive to reduce the interest rate during the fixed rate period of your mortgage.
- This product is only available to Own New accredited brokers.
- Before this product ends, we'll contact you with the options available. If you do nothing at the end of the product period, our Standard Variable Rate (SVR) will apply, this could mean that your payments increase. We set the SVR and it may go up or down in the future. It is currently set at 7.84% and will not fall below 3.00% at any time during the life of the mortgage.
- This product is available on a Capital and Interest repayment basis. This means your monthly payments will cover the interest due for the month and a portion of the amount borrowed. Provided all payments due are made in full and on time, your mortgage will be fully repaid at the end of the mortgage term.
- There is no product fee payable.
- This product is available for properties in England and have a minimum value of £50,000.
- This product comes with one free standard mortgage valuation for all purchase applications.

Who is this product designed for?

This product is designed for customers if you:

- are looking to exclusively purchase a new build property in partnership with Own New. This means 5% of the Builder's incentive is used to reduce the interest rate during the fixed rate term of your mortgage.
- wish your monthly payment to include the interest due and a portion of the amount borrowed so that your mortgage will be fully repaid at the end of the mortgage term.
- want or need the certainty of a fixed monthly payment for the term of the product.
- need a maximum loan to value (LTV) of 95%, excluding any fees added to the loan. The LTV is calculated using your current mortgage balance and our current assessed valuation of your property.
- want to borrow a minimum loan of £25,000 and up to a maximum loan of £1,500,000. Loan size restrictions apply see the Loan Size section in the Key Product Information.

All applications are subject to the Society's general lending criteria, property value and satisfactory status enquiries.

This product may be withdrawn with little or no notice.

	£600,001 to £750,000	80%
	£750,001 plus	75%
Available Mortgage Term	Minimum 5 years – maximum 40 years.	
End Date	This two year product has a fixed end date of 31 August 2027. Dependent on when your mortgage completes, the initial interest rate may last for longer or shorter than two years.	
Portability	This product is portable. This means you can transfer this mortgage product to another residential property should you wish to move house before this product ends. To port this product, you'll need to apply for a mortgage on the new property. Your new application will need to meet our credit and affordability requirements for the new mortgage and your new property would need to be acceptable to us. Please refer to our Portability Statement on our website for further details or ask in branch for a copy.	
Repayment Method	Capital and Interest.	
Incentives	This product comes with one free standard mortgage valuation for all purchase applications.	
Overpayments	You can make overpayments of up to 10% of the original amount borrowed each year without incurring an early repayment charge. Should your overpayments be more than 10% in any year, an early repayment charge will be payable as set out below. As interest is calculated on a daily basis, any overpayments you make will immediately reduce the amount you owe and also the amount of interest you pay.	
Early Repayment Charges (ERC)	For this product the ERC period applies from the date of completion up to and including 31 August 2027. The following charges apply on any amount overpaid above your 10% overpayment allowance: • 1% on or before 31 August 2026 • 0.5% on or before 31 August 2027 Early repayment charges also apply if you transferred to an alternative product during the product term.

Representative Example

The overall cost for comparison is given as the Annual Percentage Rate of Charge (APRC) and includes all fees incurred relating to the mortgage and product. The APRC allows you to compare the cost of different products.

On a mortgage of £125,000.00 on a capital and interest (repayment) basis payable over 25 years initially on a fixed rate for 2 years fixed at 2.77% and then on our Standard Variable Rate (SVR) of 7.84% (variable) for the remaining 23 years you would pay:

1 monthly repayment of £9.49, followed by
24 monthly repayments of £576.63, followed by
276 monthly repayments of £917.24

The total amount payable would be £267,146.85 made up of the loan amount of £125,000.00 plus interest (£142,006.85), a funds transfer fee of £20 and legal fee of £120.
The overall cost for comparison is **6.9% APRC** representative.
