What are the key features of this product?

- This is a variable rate mortgage product, which means your monthly payments can go up or down. The initial rate is 5.25% which includes a 2.59% discount from our Standard Variable Rate (SVR). The discount applies for 2 years, plus the number of days left in the month of completion. For example, if your mortgage completes on 3 August 2025, the discount will apply up to and including 31 August 2027. The interest rate of this mortgage is 'floored', which means that while the rate may increase, it will never fall below 3.75%.
- Before this product ends, we'll contact you with the options available. If you do nothing at the end of the product period, our Standard Variable Rate (SVR) will apply, this could mean that your payments increase. We set the SVR and it may go up or down in the future. It is currently set at 7.84% and will not fall below 3.00% at any time during the life of the mortgage.
- This product is available on:
 - a Capital and Interest repayment basis. This means your monthly payments will cover the interest due for the month and a portion of the amount borrowed. Provided all payments due are made in full and on time, your mortgage will be fully repaid at the end of the mortgage term.
 - an Interest Only repayment basis. This means that your monthly repayments will only pay back the interest on your initial loan. The capital balance will not reduce. You must have a suitable method of repaying the initial loan at the end of the mortgage term.
- A £1,495 product fee is payable. This can be added to the loan on completion; however, this will result in interest being charged on it making the overall fee greater over the term of the mortgage.
- This product is available for Holiday Let properties in England or Wales that have a minimum value of £150,000.
- This product comes with one free standard mortgage valuation for all purchase and remortgage applications.

Who is this product designed for?

This product is designed for landlords who:

- are looking to purchase or remortgage a Holiday Let property which has an EPC rating of D-E.
- own and occupy your own residence.
- do not want or need the certainty of a fixed monthly payment for the term of the product.
