What are the key features of this product?

- This is a fixed rate mortgage product, which means your monthly payments won't change during the term of the product. The initial rate of 5.74% is fixed for two years.
- Before this product ends, we'll contact you with the options available. If you do nothing at the end of the product period, our Standard Variable Rate (SVR) will apply, this could mean that your payments increase. We set the SVR and it may go up or down in the future. It is currently set at 7.34% and will not fall below 3.00% at any time during the life of the mortgage.
- This product is available on:
 - a Capital and Interest repayment basis. This means your monthly payments will cover the interest due for the month and a portion of the amount borrowed. Provided all payments due are made in full and on time, your mortgage will be fully repaid at the end of the mortgage term.
 - an Interest Only repayment basis. This means that your monthly repayments will only pay back the interest on your initial loan. The capital balance will not reduce. You must have a suitable method of repaying the initial loan at the end of the mortgage term.
- There is no product fee payable.
- This product is available for properties in England or Wales that have a minimum value of £50,000.
- This product comes with one free standard mortgage valuation for additional borrowing applications and purchasing another Holiday Let property.

Who is this product designed for?

This product is designed for existing borrowers if you:

- are coming to the end of your Holiday Let mortgage deal and wish to transfer to a new product, looking to apply for additional borrowing or purchase another Holiday Let property.

This product is not available if you are a Portfolio Landlord, for HMO properties or if the property is owned by a Limited Company. All applications are subject to the Society's general lending criteria, property value and satisfactory status enquiries.
